**RVDA of Canada announces a new Endorsement Partnership  
with Stealth Enterprises for portable Wi-Fi products**

Richmond, BC – The RVDA of Canada is pleased to announce that it is entering into a new endorsement partnership with Stealth Enterprises. The RVDA of Canada Board has added Stealth Enterprise’s after-market portable Wi-Fi products to its slate of endorsed products. RVDA of Canada members will now be able to provide high-quality, portable Wi-Fi products to their customers.

The Stealth Wi-Fi system is a powerful receiver operating on its own private network. This means an end to net traffic, using Wi-Fi hotspots on your mobile device and expensive data overages, all while providing a service with an 80% stronger signal over using a cellular device to get online. Also of important note is that the unit will not slow down with multiple users.

“This Wi-Fi system is the technology of the future and is the way that the industry is going” stated Jean-François Lussier, RVDA of Canada Chairman, “with more millenials entering the RV industry, the need for reliable, cost effective service has become mandatory. Our new partnership with Stealth Enterprises will ensure that our RV Consumers can stay connected while they enjoy their RV experience.”

“We are very happy to enter into this Partnership with the RVDA of Canada. It’s become increasingly clear that more and more people place a strong value on the availability of internet

access whether for work, play, entertainment or all of the above” states Bradly Morrison, President & CEO Stealth Enterprises Inc. “Many people make their travel decision based on the availability of the Wi-Fi services available and our product has the ability to provide a greater sense of freedom by meeting the current needs of our consumers.”

The Recreation Vehicle Dealers Association (RVDA) of Canada is a national, volunteer federation of provincial and regional RVDA associations which exists to protect and promote the interests and welfare of RV Dealers across Canada in order to enable the industry to maximize its potential.

RVDA Canada is very excited about this new endorsement program and the positive impact it will have on the member services provided to dealers.

For more information, please contact the RVDA of Canada at 604-718-6325.
